A-Z listing of subscription databases
NWC has access to four EBSCO journal databases and an eBook platform.

Greenfile and PsycINFO are EBSCO journal databases that offer articles and citations from subject areas outside of the international affairs arena. Look for them separately in the Databases A-Z listing under G & P.
EBSCO users can establish an optional user account for keeping folders. To create a user account, you must be logged in via a networked computer on campus, or authenticated into the NWC Library Databases via Blackboard.

3: Search More than One Database
EBSCO makes it easy to search multiple databases at once.

Choose only the international affairs journal databases, or add in GreenFILE, PsychINFO, or EBSCOhost eBooks as needed.
Search Results
Searching in the text field can result in large amounts of material. Narrow the search by selecting the abstract field.
Limiting Search Results

Choose to limit search results broadly by full text or peer reviewed literature. Change the date range or choose “show more” to select specific types of content.
