Accessing the NWC Library with Blackboard

1). Remote access to the NWC Learning Commons and the Library
Remote access into the Learning Commons and the Library is through the Blackboard link at the top right-hand corner of the USNWC website.

All students and teaching faculty will have Blackboard access credentials provided by the college.
2). The link into the NWC Library is on the Blackboard toolbar.

This is the Library’s landing page in Blackboard. From here, click into the Eccles Library or read the latest news from the Library. There are links into two Research Guides, also known as LibGuides.
